

**Wayne R. Wilson**  
**CAO-Secretary Treasurer**  
**Nottawasaga Valley Conservation Authority.**

**Wayne Wilson is currently the Chief Administrative Officer-Secretary Treasurer, for the Nottawasaga Valley Conservation Authority, (since 1992). Prior to this Wayne was employed by the Ministry of Natural Resources for 15 years as a District Biologist in Chapleau and Minden , and as a Fish and Wildlife Specialist at the Leslie M. Frost Centre Dorset.**

**Wayne along with his excellent, staff and board of directors have strategically lead the NVCA, to become an organization with excellent professional staff, contributing significant scientific and technical support to help ensure the long term health and sustainability of our local watershed environment. During this time he has been an Active member of Conservation Ontario's Committee work, past Chair of the South Simcoe Ground Water Study, member and past Chair of the Georgian College Environmental Engineering Technical Advisory Committee.**

**Wayne Graduated with Honours, from the University of Guelph, Fish and Wildlife program in 1975. Wayne has written and Co-authored numerous management plans and strategies.**

**Wayne is actively involved in promoting watershed management and the important role played by Ontario Conservation Authorities, Municipalities and watershed residence in the protection and restoration of our environment for future generations, including his 4 granddaughters.**

**Wayne was born and raised on a farm in Vespra (Springwater) Township. He has three children and four granddaughters (his primary reason for his passion to leave things better for future generations).**
